Red Cloud Community Schools -- Policy for Leaving Away Activities

Student safety is major concern/priority when discussing travel to and from away activities. No student will be allowed to drive to or from a school activity, which is away from school if they are a participant in the activity. For all school-sponsored activities away from school, the school will provide transportation. It is required that all students involved in these activities ride to and from the activity in the vehicle furnished by the school district.

The only exception to this rule will be for students to ride with their parents. Students will not be allowed to ride with anyone else. In order for this to happen the parent/guardian must contact the sponsor in person following the activity or event at the site of the activity. The sponsor will ask the parent/guardian to sign the release at the bottom of this page.

Because of liability and concern for student safety, Red Cloud students will not be allowed to ride home with friends, boyfriends, girlfriends, etc.

WE THE PARENTS RELEASE THE RED CLOUD SCHOOL FROM ALL RESPONSIBILITY IN TRANSPORTING OUR CHILD TO FOLLOWING THIS SCHOOL-SPONSORED ACTIVITY.
